

LA PALMERA IS TEMPORARILY CLOSED

La Palmera understands the many challenges of the COVID-19 situation, not only for the more than 100 retail and dining businesses La Palmera serves, but for the many businesses and communities throughout the Coastal Bend and beyond.

In keeping with the more stringent limits on public gatherings issued by state and local authorities to help address the spread of COVID-19, **La Palmera is temporarily closing the shopping center to the public beginning at 11 a.m. on Sunday, March 22.** Please note that during this time, some of our restaurants and stores with exterior entrances may choose to remain open for takeout, curbside and delivery orders only.

We will continue to monitor the situation, consulting with state and local officials, and will provide additional information regarding our reopening date via our social media channels and at lapalmera.com. We greatly appreciate your understanding and look forward to being the place the community can shop and gather again soon.

We admire and respect the important work being done by so many to protect us during this critical time, including first responders and those in healthcare. We must all do our part and be extraordinary stewards for our community and in caring for one another. We are confident in our community's ability to meet this challenge.
